SUMMARY

I am a motivated and detail-oriented Software Engineering student seeking an internship opportunity at UGlobal Solutions Sdn Bhd. I am eager to apply my technical skills in mobile application development (Flutter), front-end design and system optimization. I am passionate about contributing to UGlobal's vision of delivering comprehensive business and IT solutions, including custom software development and digital transformation, to help clients streamline operations and enhance their digital presence.

EDUCATION

Bachelor of Software Engineering with Honours

Universiti Malaysia Sarawak **MQA/FA9709**

Oct 2023 - Present

- CGPA : 3.89

Diploma in Information Technology(DigitalTechnology)

Politeknik Kuching Sarawak **MQA/FA3241**

June 2020 - June 2023

- Graduated with CGPA: 3.89

WORK EXPERIENCE

Internship Tun Abang Haji Openg Digital Centre(TAHODC) 30 January 2023 – 16 June 2023

- **Mobile App Development:** Expanded functionality for the UNIMAS Now app, improving usability for students and staff. Developed the Borneo Shopping e-commerce mobile app prototype during the first week of internship.
- **UI/UX Design:** Designed and coded the front-end of HEPAXCESS using Figma and Flutter to create a responsive, user-friendly interface.
- **Web App Development:** Contributed to the development of the e-Konvo web application, enhancing UI/UX for improved user experiences.
